

WORLD DAY AGAINST CHILD LABOUR

A CHILD SHOULD BE TAUGHT TO LEARN, NOT FORCED TO EARN.

World Day against Child Labour this day is observed every year to create awareness about the child labour all around the world and its significant impact on the wellbeing of children. The campaign was launched by The International Labour Organization (ILO) in 2002 and serves as a reason for the movement against child labour.

Today, We the SHAIKH CENTRAL CBSE SCHOOL stand together to protect the innocence and well-being of every child. Let's eliminate child labour and create a world filled with opportunities for their growth and development.

Child Labour Awareness Rally was conducted from 6th to 10th students,

Students were told prepare plug cards along with the slogan.

Every child deserves to dream, learn, and grow. Let's work hand in hand to eradicate child labour and provide them with a chance to flourish.
