"SHAIKH CENTRAL SCHOOL CONDUCTED AN EDUCATIONAL FIELD TRIP TO NANDINI MILK DAIRY"

Shaikh Central School organised an educational field trip to Nandini Milk Dairy on 28th October 2026 for the **students of Grades 1 and 2.** The visit aimed to provide young learners with practical knowledge about milk production and the various stages involved in dairy processing.

During the visit, students explored the processes of milk collection, pasteurisation, processing, packaging and distribution. They also gained insights into the preparation of different dairy products and understood the importance of milk in maintaining a healthy and nutritious diet. The visit helped students develop awareness about food hygiene, cleanliness and quality standards followed in the dairy industry.

The field trip offered an exciting opportunity to connect classroom learning with real-life experiences. It was an enjoyable, interactive and informative experience that made learning more engaging and memorable for the young learners.
